Pacific Daily News
P. O. Box DN
Agana, Guam 96910

Dear Ms. Vasapolli:

Regarding our conversation on June 24, 1988, it is my understanding that the Pacific Daily News has not received the camera ready copy of Federal EPA's notice on the Ordot Landfill Superfund Site from the California Newspaper Exchange. It is also my understanding that you have received a facsimile copy of this notice which you stated could not be printed unless this facsimile notice was type-set and reduced to meet the specifications of 2 columns wide by 7 inches deep.

Enclosed with this letter is the facsimile notice we received from Federal EPA, Region IX concerning the Ordot Landfill Superfund Site. I am authorizing you, on behalf of EPA Region IX, to type set this notice and reduce it in size to meet the aforementioned specifications for publication within the Pacific Daily News on June 27, 1988. Any additional costs for the type set and reduction process should be billed to the California Newspaper Exchange or Federal EPA, Region IX, whichever is appropriate.

Should you have any question or require further clarification, please do not hesitate to contact me as soon as possible.

Sincerely yours,

JAMES L. CANTO
Air and Land Programs
Administrator
